

ADDENDUM #1

June 10, 2016

AITB #4-16/17 - 90 Gallon Roll Carts

NOTIFICATION OF SPECIFICATION CHANGES

- 1) **DEFINE REPLACEMENT BOTTOMS**: In an effort to extend the anticipated life expectancy of the Roll Carts, The City of Sumter, prefer that the carts be receptive to receiving replacement bottoms. Note, a replacement bottom is a molded slip-sleeve base, that is riveted to the bottom of a cart once the cart's bottom starts to show signs of wear through.

- 2) **MARKINGS**: Change minimum size for control numbers from 2" serial numbers to 1" serial numbers.
