

# Tennis Center Program Sign-Up

- 2.5 Skill Improvement Clinic:** Players in this group can keep score and rally comfortably. They will typically have played some years before and are looking to get started again or have progressed beyond beginning groups and want to get more serious about their game. The clinic itself is about technical development and how to build points and play the game. **\$15 per clinic**
- Ladies' Beginning:** This clinic is for beginning tennis players. Most players in this group have never played and will need much technical work. The goal is to get players such that they can keep score and play on their own. **\$10 per clinic**
- Ladies' Low Intermediate:** This group will have players who can keep score, consistently get their serve in play in order to start points, and sustain a rally. Goals for this group include learning more of the game's nuances and how to construct points rather than the basics of how to hit a forehand or backhand. **\$10 per clinic**
- Performance Training Center:** Youth and Junior training program for ages 5-18. Youth Program is the nationally recognized USTA 10 and under program designed to get kids involved in tennis from the start. The Junior Program is taught by certified USPTA and PTR Performance coaches and focuses on the growth of the year round competitive junior tennis player who will have the opportunity to transition into a collegiate player. **Junior and Youth Training Schedules with clinic specifications, dates, and times are available.**
