JOB ANNOUNCEMENT

GIS Technician Public Services

Job Purpose: Under general supervision, assists the GIS Coordinator in updating and maintaining the Geographic Information Systems (GIS) and Global Positioning System (GPS) programs. Responsible for responding and resolving user complaints, troubleshooting system problems; collecting, converting and editing data to present information in a cartographic and tabular format; performing spatial data analysis, layering updates and producing map products.

Minimum Qualifications: Technical school degree in GIS Technologies or any combination of education and experience that provides the required knowledge, skills and abilities. GISP certification preferred. Strong communication, writing and computer skills are essential. Must be a self-starter with the ability to manage multiple priorities/tasks. Practical knowledge and experience using Arc GIS online, AutoCad, City Works and GPS Pathfinder Office is a plus. Must possess a valid South Carolina Driver's License.

Deadline to Apply: **Open until filled**
