

Sumter City-County Planning Commission

June 26, 2024

RZ-24-12, 3200 Byrd St. (County)

I. THE REQUEST

Applicant:	Aaron Young
Status of the Applicant:	Authorized Agent for the Property Owner
Request:	A request to rezone a +/-31.76-acre parcel from Residential-9 (R-9) to Agricultural Conservation (AC).
County Council District	District 2
Location:	3200 Byrd St.
Size of Property:	+/- 31.76 acres
Present Use/Zoning:	Residential-9 (R-9) / Undeveloped
Proposed Use of Property:	Single Manufactured Home Site
Tax Map Reference:	189-00-02-095
Adjacent Property Land Use and Zoning:	North – Undeveloped, single-family dwellings & manufactured homes / LC & R-9 South – Agriculture & undeveloped / R-9 East – Agricultural, undeveloped & single-family dwellings / R-9 West – Undeveloped & low-density residential / Split zoned GC & R-9

II. BACKGROUND

This is a request to rezone a +/-31.76-acre property from Residential-9 (R-9) Agricultural Conservation (AC). The property is located at 3200 Byrd St. in Dalzell. The location of the property is shown in red on the map to the right.

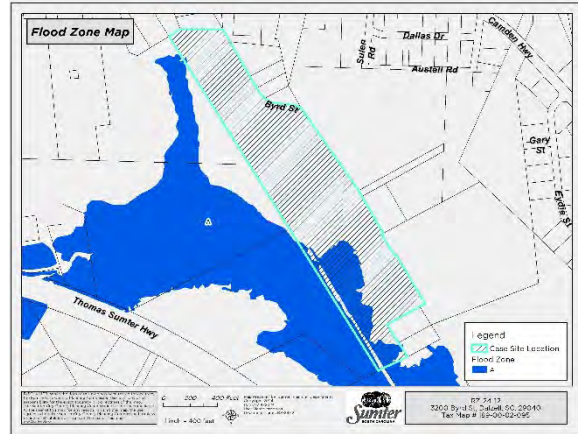

The applicant is requesting this rezoning in order to allow for the placement of a new manufactured home on the acreage tract. The R-9 district does not permit the placement of manufactured homes as residential

dwellings. The only two zoning districts within Sumter County that permit stand-alone manufactured homes on a single property, outside of a manufactured home park, are the AC zoning district and the General Residential (GR) zoning district.

III. ENVIRONMENTAL CONDITIONS

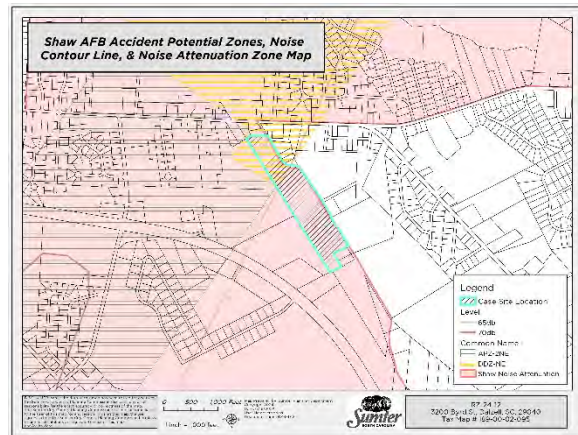

The property is shown on FEMA Flood Insurance Rate Map (FIRM) Panel: 45085C0120F, effective as of October 27, 2022. A portion of the southwestern end of the property is influenced by Zone A and is considered to be within a special flood hazard area (SFHA). The remainder of the property scales inside of Zone X, outside of the SFHA. There is sufficient room on the property to place a single dwelling outside of the SFHA.

IV. MILITARY OVERLAYS

As shown in the map to the right, the property is influenced by the Shaw Air Force Base Airfield Compatibility District (ACD) as well as the Noise Attenuation (NA) District.

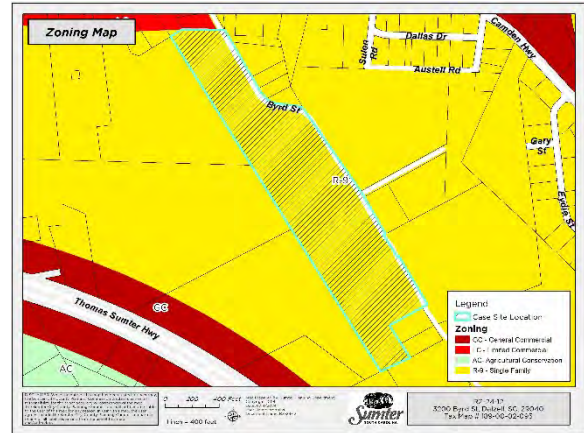

The intent of the ACD is to prevent incompatible land uses and the creation of flight hazards which would impair the utility of Shaw Air Force Base. The intent of the NA district is to define areas susceptible to noise from ongoing flight operations associated with the Base and to provide notification to property owners of the potential for aircraft noise from those operations. There are development limitations associated with the ACD, in particular in areas within DNL (Day-Night Noise Level Zone) contours and within the designated APZ-1 & APZ-2 (accident potential zones). Those limitations speak to the prohibition on placement of manufactured/mobile homes on newly created parcels after the adoption of the ordinance in 1999. Based on parcel configuration, over two-thirds of the property is outside of the designated APZ and DNL zones, thereby leaving sufficient space for the placement of a single manufactured home dwelling in conformance with the Ordinance.

In addition to the designated ACD and NA districts, the Joint Land Use Study (JLUS) supports zoning districts that significantly reduce the potential residential density in proximity to Shaw Air Force Base. The AC district has a minimum lot size of one (1) acre, thereby significantly reducing the residential density from what is permitted in the R-9 district.

V. ZONING

The property is zoned R-9. The purpose of the R-9 district is to recognize the essential suburban living character of significant portions of Sumter County where low and medium density single-family residential development is the predominant living environment of the existing and future population. The minimum lot size in the R-9 district is 9,000 sq. ft. with a minimum lot width of 75 ft. at the minimum building line. Development at R-9 densities is only possible with the presence of public sewer and water infrastructure, otherwise development must be in compliance with minimum standards for on-site septic systems.

The intent of the AC zoning district is to protect and preserve areas of the county which are presently rural or agricultural in character and use, and are uniquely suited to agricultural use. The minimum lot size in the AC district is 1 acre, a significant decrease in density from the R-9 district. The AC district is one of two zoning districts in the County that permit the use of manufactured homes as dwellings.

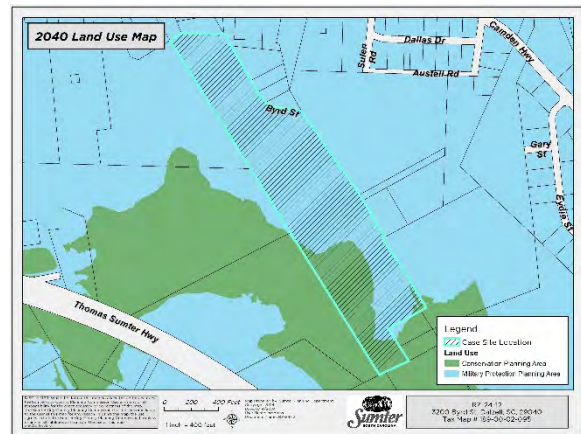

Permitted and Conditional Uses:

Approval of this request does not bind the applicant to establishing the proposed use of the property. Rather, the applicant could establish any use allowed in the AC zoning district, as indicated by the use table found at *Article 3, Exhibit 5* of the Ordinance, in accordance with the use review process indicated and all applicable Ordinance requirements. This use table is attached to this report as Exhibit 1. Uses with a "P" are allowed by-right, uses with a "C" require conditional use approval, uses with an "S" require special exception approval by the Sumter City-County Board of Zoning Appeals (BZA), and uses with no letter are not permitted.

VI. COMPATIBILITY WITH THE 2040 COMPREHENSIVE PLAN

The Sumter 2040 Comprehensive Plan shows the property predominantly influenced by the Military Protection (MP) Planning Area with a small portion within the Conservation Planning Area.

The Military Protection Planning area's intention is to protect Shaw A.F.B. and Poinsett Electronic Combat Range from encroachment of incompatible land uses and reduce the accident and noise potential to citizens in areas adjacent to these two military installations.

The Conservation Planning (CP) Area is to protect and preserve environmentally sensitive areas and prime agriculture lands from residential, industrial, and commercial encroachment. Protection

of these natural and agricultural resources contributes to the community's overall health and sustainability.

The current R-9 zoning could permit the development of a dense residential subdivision in close proximity to the APZs and inside the DNL boundaries. A dense residential subdivision development at this location is not generally in alignment with the policies of the Military protection Planning area. A zoning designation such as AC is more appropriate for this location given the significant reduction in density permitted by the AC district as well as the proximity to the APZs and DNL boundaries.

The request to rezone the property from R-9 to AC is reasonable and is in general alignment with the Sumter 2040 Comprehensive Plan.

VII. TRANSPORTATION REVIEW

Byrd St. is a privately owned and maintained dirt road extending from Camden Hwy (S-1342) to a segment of Byrd St. that is owned and maintained by Sumter County approximately 3,880 ft. south of the site.

The site itself has no direct frontage on any publicly maintained or owned roadways. The nearest public roadway is Camden Hwy (S-1342), located +/- 271 ft. north of the site. In this area, Camden Hwy is an SCDOT owned and maintained two-lane roadway functionally classified as a Major Collector road. The 2022 Average Annual Daily Traffic (AADT) on Camden Hwy in the vicinity of the site was 1,650 vehicles per day.

Any future development at the subject property beyond the placement of a single dwelling unit will have its transportation impacts evaluated at time of plan approval with appropriate mitigation measures required, if applicable.

VIII. STAFF RECOMMENDATION

Staff recommends approval of this request. The request is in alignment with the 2040 Comprehensive Plan. Rezoning to the AC district would significantly reduce possible residential density on the property while permitting the applicant to pursue their intended purpose on the property.

IX. DRAFT MOTION

- 1) I move the Planning Commission recommend approval of RZ-24-12, to rezone +/- 31.76 acres from Residential-9 (R-9) to Agricultural Conservation (AC) located at 3200 Byrd St.
- 2) I move the Planning Commission recommend denial RZ-24-12, to rezone +/- 31.76 acres from Residential-9 (R-9) to Agricultural Conservation (AC) located at 3200 Byrd St.
- 3) I move an alternate motion.

X. PLANNING COMMISSION – JUNE 26, 2024
