## RZ-25-12, 2385, 2395, and 2415 Cuda Way (County)

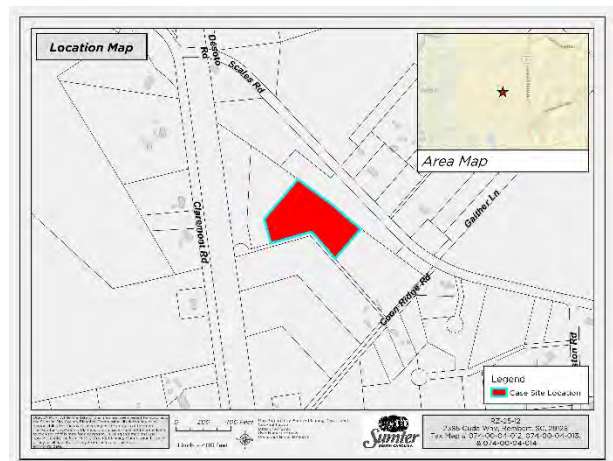

### I. THE REQUEST

<b>Applicant:</b>	Amelia Taylor
<b>Status of the Applicant:</b>	Property Owner
<b>Request:</b>	A request to rezone 3 parcels totaling +/- 4.69 acres from Agricultural Conservation (AC) to Residential Multifamily (RMF)
<b>Location:</b>	2385, 2395, 2415 Cuda Way
<b>County Council District:</b>	District 1
<b>Size of Property:</b>	+/- 4.69 acres
<b>Present Use/Zoning:</b>	Undeveloped / Agricultural Conservation (AC)
<b>Proposed Use of Property:</b>	Subdivision for Tiny Home Residential Development
<b>Tax Map Reference:</b>	074-00-04-012; 074-00-04-013; 074-00-04-014
<b>Adjacent Property Land Use and Zoning:</b>	<i>North</i> – Undeveloped / Agricultural Conservation (AC) <i>South</i> – Undeveloped / Agricultural Conservation (AC) <i>East</i> – Undeveloped / Agricultural Conservation (AC) <i>West</i> – Undeveloped / Agricultural Conservation (AC)

### II. BACKGROUND

This is a request to rezone three parcels totaling +/- 4.69-acres from Agricultural Conservation (AC) to Residential Multifamily (RMF). The parcels are shown on the map to the right.

The applicant has stated a desire to develop a tiny house community on the property, which would require that the lot be re-zoned to the RMF district, in which multifamily development is a permitted use.

It is unknown whether public water service is available to the subject property. The property is located in the High Hills Rural Water Company service area, but staff does not have access to detailed service line data for that agency. Public sewer service is not available.

It is noted that no site development or subdivision plans have been submitted or reviewed for conformance with RMF district development requirements. If the requested rezoning is approved, then the applicant must submit site plans for full review and approval prior to any land disturbance or construction activity.

### III. ENVIRONMENTAL CONDITIONS

The property is shown on FEMA Flood Insurance Rate Map (FIRM) Panel: 45085C0256E, with an Effective Date of September 28, 2018. No part of the property is within a special flood hazard area (SFHA).

National Wetland Inventory (NWI) data suggests that approximately 52% of TMS #074-00-04-012, 97% of TMS #074-00-04-013, and 7% of TMS #074-00-04-014 could be wetlands. A full wetland delineation by a private expert and jurisdictional determination by the US Army Corps of Engineers would be required to verify the exact percentage of wetland and its jurisdictional status prior to any development.

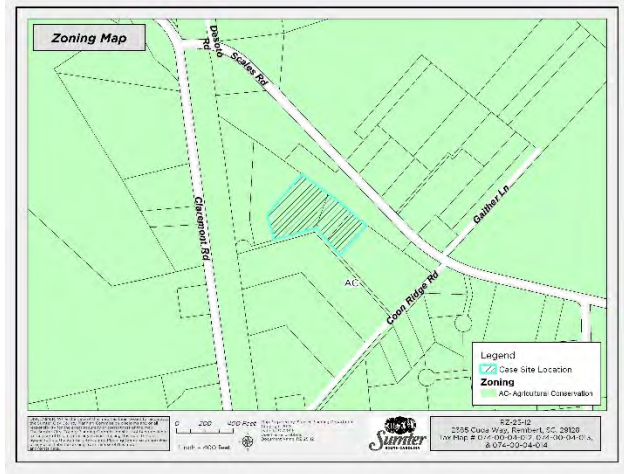

*Figure 1 -National Wetland Inventory (NWI) Approximate Wetland Boundary*

#### IV. ZONING

The property is currently zoned Agricultural Conservation (AC). All parcels adjacent to the subject site are zoned Agricultural Conservation (AC). The nearest non-Agricultural Conservation (AC) zoning is an area zoned Residential-15 (R-15) located approximately 1.04 miles to the west.

The purpose of the current zoning district (AC) is to protect and preserve areas of the county which are presently rural or agricultural in character and use, and are uniquely suited to agricultural use. Where urban development is permitted within the district, strict quality standards should be required.

The purpose of the proposed zoning district (RMF) is to accommodate multi-family development within areas appropriately suited and compatible with surrounding development.

The applicant’s stated desire is to develop multiple “tiny house” units on the property. The only residential district of the County that could allow this form of development is the Residential Multifamily (RMF) district. It is noted that if this rezoning request is successful, a major site plan application and corresponding site improvements would be required to meet development requirements as outlined in the Ordinance.

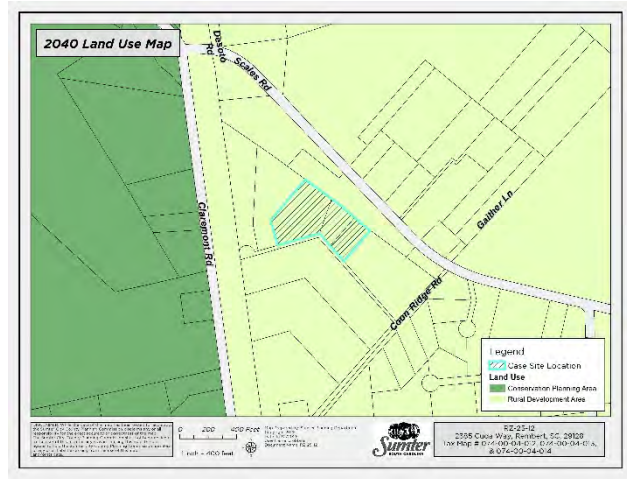

***Permitted and Conditional Uses:***

Approval of this request does not bind the applicant to establish the specific future use identified as part of the rezoning process. Rather, the applicant could establish any use allowed in the requested zoning districts, as indicated by the use table found at *Article 3, Exhibit 5* of the Ordinance, in accordance with the use review process indicated and all applicable Ordinance development standards contained in *Article 3.e., Article 3, Exhibit 3, and Article 8*. The *Article 3, Exhibit 5* use table is attached to this report as Exhibit 1. Uses with a “P” are allowed by-right, uses with a “C” require conditional use approval, uses with an “S” require special exception approval by the Sumter City-County Board of Zoning Appeals (BZA), and uses with no letter are not permitted. *Article 3.e. Residential Multi-Family (RMF) District and Article 3, Exhibit 3* are attached to this report as Exhibit 2.

## V. COMPATIBILITY WITH THE 2040 COMPREHENSIVE PLAN

The Sumter 2040 Comprehensive Plan shows the property as being within the Rural Development Planning Area.

The Rural Development Planning Area is intended to support low-density residential development and selected non-residential and agricultural uses in a relaxed regulatory climate. As such, the current development of large lots (1.0 acre or more) located on rural roads and private drives is extended in the Sumter 2040 Comprehensive Plan.

One Rural Development Planning Area Policy should be considered in relation to this request:

- Residential densities shall be supported at 1 unit per acre or more. However, in an effort to consider steps toward a more environmentally sustainable community, the County will consider zoning ordinance amendments designed to encourage cluster development - the practice of allowing smaller lot sizes clustered more closely together, yet achieving the balance of the development in preserved open space.

While the policy objective noted above does provide a path for smaller lot sizes clustered together, the plan narrative provides additional context for this policy objective, namely that the focus of such zoning changes should be tied to the County's existing enclaves, including Pinewood, Mayesville, Wedgefield, Rembert, and Dalzell. The subject site is not located in proximity to any existing residential enclave where its development could be considered an extension of the rural village pattern.

Policy guidance is provided for the development of property served by private well and septic in Rural Development Planning Areas. While it is unclear whether the subject property can be served by public water, the site cannot be served by public sewer.

The Comprehensive Plan is not supportive of an RMF designation for this property. The area is not located in or adjacent to an existing rural residential enclave where consideration of additional residential density would be appropriate.

## **VI. TRAFFIC REVIEW**

The three parcels contained in this request have no public road frontage. The site is accessed by a series of private dirt drives (Cuda Way and Coon Ridge Rd), ultimately connecting to Scales Rd., which is an SC DOT owned and maintained two-lane roadway. The distance from the nearest portion of the combined site to the public right-of-way is approximately 0.20 miles.

The site's lack of public road frontage is a significant concern for development of additional residential units. The site would not have clear access for first responder vehicles, which would increase the burden on public services to provide critical support in both emergency and non-emergency situations.

## **VII. STAFF RECOMMENDATION**

Due to the request's incompatibility with the Sumter 2040 Comprehensive Plan's Future Land Use Element, lack of public water/sewer service availability to the subject property, likely presence of wetlands on a large portion of the site, and lack of public street access to the property, staff recommends **denial** of this request.

## **VIII. DRAFT MOTION**

- 1) I move the Planning Commission to recommend **denial** of RZ-25-12, request to rezone three parcels totaling +/- 4.69-acres TMS# 074-00-04-012; 074-00-04-013; and 074-00-04-014 from Agricultural Conservation (AC) to Residential Multifamily (RMF).
- 2) I move the Planning Commission to recommend **approval** of RZ-25-12, request to rezone three parcels totaling +/- 4.69-acres TMS# 074-00-04-012; 074-00-04-013; and 074-00-04-014 from Agricultural Conservation (AC) to Residential Multifamily (RMF).
- 3) I move an alternate motion.

## **IX. PLANNING COMMISSION – July 23, 2025**

The Sumter City – County Planning Commission at its meeting on Wednesday, July 23, 2025, voted unanimously to defer the request to rezone a +/- 3 parcels totaling +/- 4.69-acres from Agricultural Conservation (AC) to Residential Multifamily (RMF). The property is located at 2385, 2395, and 2415 Cuda Way and represented by TMS#'s 074-00-04-012, 074-00-04-013 & 074-00-04-014.

## **X. PLANNING COMMISSION – AUGUST 27, 2025**

The Sumter City – County Planning Commission at its meeting on Wednesday, August 27, 2025, voted unanimously to again defer the request to rezone 3 parcels totaling +/- 4.69-acres from Agricultural Conservation (AC) to Residential Multifamily (RMF). The property is located at 2385, 2395, and 2415 Cuda Way and represented by TMS#'s 074-00-04-012, 074-00-04-013 & 074-00-04-014.

**XI. PLANNING COMMISSION – SEPTEMBER 24, 2025**

The Sumter City – County Planning Commission at its meeting on Wednesday, September 24, 2025, voted unanimously to again defer the request to rezone 3 parcels totaling +/- 4.69-acres from Agricultural Conservation (AC) to Residential Multifamily (RMF). The property is located at 2385, 2395, and 2415 Cuda Way and represented by TMS#'s 074-00-04-012, 074-00-04-013 & 074-00-04-014.
