

2022 Small Group Opportunities

The City of Sumter Aquatics Center opened on June 4, 2022, with limited daily capacity levels due to lifeguard shortages. Across the nation water recreational facilities are experiencing the same lifeguard challenges as we are here in Sumter. We are asking for your patience as we are required to follow specific lifeguard guidelines.

Lifeguarding has 25 swimmers to 1 guard ratio however, this ratio may vary due to various circumstances from weather to safety precautions. The Aquatics Management Team's goal is for all swimmers to have a fun and safe summer!

Although the City of Sumter Aquatics Center has fluctuating capacity levels daily, you and your groups are invited to come swim **Tuesday – Friday 12pm to 5pm** during the open swim hours. Please see below the current admittance guidelines.

- Admission is \$3.00 per person to enter the facility - Cash, Check, Visa and Mastercard accepted. 5 years and under are Free.
- **NOTE:** For the safety of children, please note that children 5 years and under, must be supervised and within arm's reach, in the water, by a guardian 18 years or older.
- Children under the age of 15 must be accompanied by an adult.
- There is a fluctuating Max Capacity for pool attendance – **FIRST COME FIRST SERVE.**
- We recommend calling ahead 15 minutes (15 min. limit time hold) – Waiting list is available if the facility is at Max Capacity. *Max Capacity is strictly enforced*
- All swimmers must wear a swimsuit.

We are excited to see you and your swimmers this summer at the City of Sumter Aquatics Center! Thank you again for your patience as we strive to serve the community under challenging circumstances.

Best Regards,

City of Sumter Aquatics Center TEAM
